

28 September 2021

Dear Parent/Carer

A Level Revision Resources

As we move further into the school year, students will begin to sit assessments as they complete units of work. Year 13 students will be starting their mock exams after the October half term and all students should have started revising in preparation for these. Students will be directed as to which topics to revise by their class teachers but will be expected to complete independent study at home.

To support them in their independent study, we will be making an order of revision and exam preparation guides for the students to purchase. They are £10 per guide and can be viewed at the following website: [A Level Science : Secondary: Oxford University Press \(oup.com\)](https://www.oup.com) Students are following the AQA syllabi.

If you would like to purchase any of the science revision guides, these will be available to order via ParentPay. The deadline for ordering is Wednesday 6 October so that the order can be placed with the publisher and for the guides to be available for students before half term.

Please do not hesitate to contact me if you would like further information.

Yours faithfully

U Barnett

Mrs U Barnett
Head of Science
